DETAILED ACTION

Allowable Subject Matter

1. Claims 1-31 and 33-34 are allowed.
2. The following is an examiner's statement of reasons for allowance:

None of the prior art teaches or suggests a high speed data transceiver system as the current application. In specific, the system comprising a master signal generator generating a master timing signal; a receive-lane including a sampling signal generator for multiple time-staggered sampling signals based on the master timing signal, multiple data path to sample, quantize and produce multiple time-staggered data sample streams, and a demultiplexer adapted to time-deskew the multiple time-staggered data streams; wherein the sampling comprise quantizing each of the multiple serial data signals and rotating the interpolated phase of each sampling signal at a rate corresponding to a frequency offset between the sampling signal and the corresponding serial data signal so as to reduce the frequency offset between the sampling signal and the corresponding serial data signal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
